

Project Demo Planning

Date	8 JULY 2026
Team ID	
Project Name	Human Development Index (HDI) Predictor – A Comprehensive Measure of Well-Being
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the team, project title, objectives, and explain the Human Development Index (HDI) problem statement.	1	ADDALA SHANMUKHA
2	Solution Overview	Explain the project architecture, technologies used (Flask, Python, Machine Learning), and the workflow of the application.	2	ADDALA SHANMUKHA
3	Live HDI Prediction	Demonstrate the application by entering country details, predicting the HDI score and category, and explaining the prediction results.	3	ADDALA SHANMUKHA
4	Prediction History	Demonstrate the Prediction History page and explain how previous prediction records are stored and displayed.	1	ADDALA SHANMUKHA
5	GitHub & Railway Deployment	Show the GitHub repository, explain the project structure, and demonstrate the live Railway deployment using the public URL.	2	ADDALA SHANMUKHA
6	Conclusion & Future Enhancements	Summarize the project, explain future enhancements, and answer questions from the evaluator.	1	ADDALA SHANMUKHA

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduce the team, explain the importance of HDI, and describe the project objectives.
2	Solution Overview	Explain the system architecture, machine learning model, project modules, and technologies used.
3	Live Feature Demonstration	Demonstrate HDI prediction, prediction history, About page, GitHub repository, and the live Railway deployment.
4	Q&A Session	Answer evaluator questions, discuss future enhancements, and conclude the presentation.
